## ABSTRACT

Janyce E. Langlot of Veradale Washington, Brad J. Beck of Greenacres Washington, Sylvia M. McCready of Tukwila Washington and Arcadia, Pasadena and Glendale California, Los Angeles County are a context of grievous Human and Civil Rights violations with Hate Crimes - relentless, combative and incorrigible.

With all resources, resourcefulness denied, proximity at local definition is hostile of stimuli: priori of conspiracy and at where physical, mental and emotional health is unmercifully oppressed of Life, Liberty, Property; attacking freedom of speech, religion and a pursuit of happiness with an unwavering suppression that includes multiple life-threatening physical attacks, a 1000 contacts with PD with me as a target, I was placed on disability from this cause. After holding multiple jobs at interim, fired constantly, the Psychiatrist in San Marino in 1989 is in a data pipeline of Santa Anita Park Race Track in Arcadia Cali, its infrastructure of twelve step programs and its network to deny, impeded my education, countless employment opportunities and in 2001, on such disability at 41 years of age and in the "protected class," at the time having Hep C genotype 1A and 1B, a chronic life-threatening illness, I was evicted from the Glendale YMCA, Glendale Cali for "I don't need a reason."

Over the last twenty years I have been homeless, brutally engaged at every avenue of resourcefulness, and it did not happen, is not happening and will not happen otherwise other than of the metric identities discussed in this report. Proximal adjacent is with libido offense, a determined effort to cause a "disease" of existence and to trigger premature reactionary into drugs, alcohol and or even suicide and or the harm of another.

Premeditation is to start, cause a problem, unprovoked and unjust attacks to disposition psychological, emotional state of fight or flight. Surveillance of interim is relentless and priori infiltration with conspiracy is continuous, particular at where I may need food, denying clothing and shelter.

## GRIEVOUS HATE CRIMES AND HARMS

The Narrative to the Department of Justice and The FBI has three previous documents. Name, Identity, Meaning of the consensus that has been of unjust and unprovoked attacks and at where I am in context of drug addicts, alcoholics, persons with emotional illness and of homelessness, Gas-lighting, this has been perpetuated since childhood and networked for decades. Occupation of proximity, adjacent opportunities and pipelines of resources is inundated with stimuli to cause "dis ease," delay, impeded, sanitize and trigger premature reaction to indoctrinate emotional, psychological and physiological unrest:

[https://gamifiablecom.files.wordpress.com/2020/09/report\\_2.pdf](https://gamifiablecom.files.wordpress.com/2020/09/report_2.pdf)

Stimuli to cause fatigue, trigger events, cause exclusions and with relentless approach, accosts and of to cause emotional, physical and or psychological unrest is when resources, resourcefulness is impeded and denied; public transportation, places to buy food, any and all opportunity, I am attacked without provocation and with profound term; brutality and of constant injustices, there is priori and conspiracy to taint and conflagrate normal human rapport and relations.

Proximity is adjacent with hostilities, instigation that has caused the multiple jobs lost, reduced to eating out of garbage bins at interim, homeless since 2001 and placed on disability in July of 1989 for being "Unemployable," I have not been able to succeed, get an education, sustain employment and live off the street because of the injustices and unprovoked attacks that originate and are discussed in the Abstract.

## **GREYS ANATOMY "Into You Like A Train"**

In 1994, the proximal stimuli that exists to this day is to cause incident. Then orchestrated in the Pasadena Central Library, Pasadena Cali, disposition is positioned in my environments to compromise them, an adjacent proximity occupation to stimulate, cause and trigger confrontation aligned with relentless agitations: contraband tossed at convenience of my routes.

Taken to Edgemont Hospital in Hollywood CA from Pasadena Central Library on a 5150, I was plied with psychiatric meds; losing discretion, the criminal infrastructure indoctrinated substance abuse, a stabbing and with multiple incidents relative to the contraction of Hep C in Arcadia Cali at the Huntington Downs, in a Townhome, I had unprotected sex with Susan Richardson - a person positioned to target me and infect me from metrics discussed in Abstract. At the time, I had written lyrics to a song "Begging For A C," and this is a recurring pattern at any and all avenue to better myself, these unprovoked and even life-threatening attacks are manifest.

Getting Hep C genotype 1A and 1B from unprotected sex with her while she was menstruating, she was positioned at an Andy Kamps bar in Arcadia Cali then and incidental to the local area music and TV elements, AA members, and Santa Anita Park Race Track, for after being challenged at Pasadena City College, those accost, my education was disrupted, so I bought a guitar.

Writing extensively:

The second script CADAVER was stolen and developed into the SCREAM franchise from a fifty thousand dollar payment that I had not seen a dime of. Nathan Kohane had called me from International Creative Management in Beverly Hills and asked me to drop off my first six spec scripts, which I have Copyright on, so they can be retrieved. At a time, proving top rate competencies, writing tv specs, one a comparison to an award-winning episode called GREYS ANATOMY "Into You Like A Train," I wrote GREYS ANATOME "Out TO Get Us."

Buying food, the park, public transportation, my attempt to work with Uber, metrics discussed rammed my Uber/Getaround car on May 14<sup>th</sup> 2019! Paragon Subrogation Services, Inc: P.O. Box 3757 Chatsworth, Ca 91313-3757 was retained by James River Insurance Company, and there has been no narrative from them since a snail on Feb 13 2020.

Rover.com, my gigging was infiltrated there, not allowing me to house-sit, and to this day, I am accosted with threat of violent attacks by a parade pathology walking their dogs in context. Every and all pathways are inundated and with direct confrontations!

Hostile patterns to accost a "Into you Like A Train" is to destroy the quality of my life and while being homeless since 2001: disrupt and dismantle my health-care, cause sickness, yet It is I, after two Peginterferon, Ribavirin 48 week treatments and relapses that had went to a Gilead Clinical. I was the

only one of the fifteen hundred that achieved Sustained Virological Response, the cure to Hep C and on the forefront in 2012!

I was also hit by a car in 1991 when I got Hep C, fracturing my left knee! Later, I also did a Total Knee replacement, on the streets, still homeless and while brutally and relentlessly engaged! Yet again, sadly at the Royal Palms, in Glendale Cali convalescing, they deliberately froze my knee to indoctrinate opiates, and recently fighting to get a colon screen, as the MD, one I was switched to from my Primary Doctor's referral, his very own physician, this other one tried to get me to have a Psychiatric eval first, my third colon screen! A year later, another doctor in Glendale Cali removed two polyps, did an endoscopy - took a biopsy, treated for the bacteria and am taking meds for GERD now.

Withholding records in a loop at where I had not been informed of my stomach bacteria five years prior, reason Metro Drivers shake buses to indoctrinate sickness ideation; either that, they slam the doors in my face, drive erratically, let me off in wrong spots and or before an obstacle: particular now with 187 Foothill Transit, I am not an anonymous rider. I am targeted and attacked by driver and with infrastructure of patron, bizarrely expressing gratitude upon exiting and a constant proximal agitator. Again, all avenues or resources are compromised - public transportation too. These metrics discussed are not observable by others, so they are acting criminally towards me exclusively!

### **WHERE'S THE SOLUTION**

Again, the maid at Epic Insurance in Pasadena Cali leaves conspicuous toilet paper for my convenienc. I use Wet Ones, have hydrogen peroxide to dilute water:

not using paper to clean my anus in the streets! The network of these maids, gardeners and relatives have stolen my food and clothing, book bag with tech in it, mentioning the March 9<sup>th</sup> theft of my iPhone, strong arm brazen robbery on cam about 4PM on LA Chinatown Metro Goldline platform - post complaint to LAPD! Though, the assailant lied in wait, stalked and attacked!

Now, being homeless during a Global Pandemic is a challenge, but being put on disability in 1989 a profound fail, and being put on the street in 2001 for "I don't need a reason," how can I not expect that there is a solution hidden in context and that it involves property to me, considering my father was a rapist that created a culture of lies and my mother a networked maid with an criminal infrastructure of the unsavory?

More, how can I not expect an Obstruction of Justice if all one had to do was a reasonable audit and inquiry of my pipeline history and proximal existence to isolate, classify and define metrics of these narratives to the Department of Justice and the Federal Bureau of Investigation?

## **VIOLENCE, SEXUAL ASSAULT**

Proximal, adjacent is a constant disruption of what I may desire. Violent attacks, a stabbing, fractured at left bicep to get me on opiates, many times contraband is tossed in my path: exclusions and homelessness - impediment to use any and all resourcefulness; public transportation is infiltrated to molest emotional instability and post fatigue stimuli to trigger a catastrophic event. Always out of consensus as to who I am versus this alignment with drug addicts, alcoholics, homeless people on fringes, unprovoked narratives of emotional problems and a constant pedophile, Arcadia Cali is infamous with the exclusions,

dating back 45 years of oppression and abuses and that are clarified in Reports:

I can work! Make a \$100 a day! Get off the street, yet on May 14th, 2019, post a multitude of criminal, unjust, unprovoked attacks, all interlinked and connected for decades, this woman torpedoed my Uber/Getaround vehicle:

<https://gamifiablecom.files.wordpress.com/2019/10/unnamed-5.jpg>

Through-out my Uber experience, I was navigated into very difficult areas and the people that occupied the car were actually offensive by libido. Here is the Police Report of May 14, 2019:

<https://gamifiablecom.files.wordpress.com/2019/10/unnamed-1.jpg>

With the following Jay Walking ticket, third of such targeting and of a deliberate offense against me, all is verifiable to its interconnectedness! Here is the ticket that unjustly cost me \$230.00:

## **INFECTIING WITH BLOODBORNE PATHOGEN**

As discussed in previous Reports:

<https://gamifiablecom.files.wordpress.com/2018/08/doj.pdf>

<https://gamifiablecom.files.wordpress.com/2020/08/report.pdf>

[https://gamifiablecom.files.wordpress.com/2020/09/report\\_2.pdf](https://gamifiablecom.files.wordpress.com/2020/09/report_2.pdf)

Arcadia Cali has been relentless since 1975 with recent exclusions of Golds Gym, Westfield Mall, 24 Hour Fitness, Central Library and this summer in Arcadia County Park during the pandemic, a parade of criminal pathology and accost, violating social distance, proximal positioning and to indoctrinate by sanitizing after to trigger, Pedophilia has been directed at where I may advance a Tai Chi form. Being a very skilled practitioner with heightened sensory acuity, psychological and emotion cultivation from this "sense of enemy" for two decades now, there is criminal pathology to accost from surveillance of a pedophile predator to obstruct cognitive and stimulate a fight or flight emotional state.

The infrastructure and networking of Maids, Gardeners, Construction workers, retail employees and its pipeline of twelve step programs will infiltrate, cause incident and many times exclusion. Thefts, violent attacks, exclusions, homelessness, the torpedo of my Uber/Getaround car, being put on disability in 1989, the list is quite lengthy. However, it is my actions, after two Interferon and Ribavirin 48 week relapses, the one of the 1'500 in a Gilead Clinical that lead the cure Hep C in 2012:

### **SURVEILLANCE AND SABOTAGE**

After I had written six screenplays, Nathan Kohane, a Motion Picture Producer had called me from the office of International Creative Management in Beverly Hills

California, and asked me to drop them off in 1996, and I did:

- BLIGHT NEIGHTBOR PAu001921598
- CADAVER PAu001989752
- FETCH PAu002093489
- THE DEVIL'S WORKSHOP PAu002152986
- UN CUCHILLO EN EL CORAZONE PAu002130342
- UPSHOT PAu002179560

The second one was fleeced, sold for 50k, in this pipeline of a long-term grievous Human and Civil rights violations with hate crimes: Wes Craven/Harvey Weinstein, indications are that they re-wrote Cadaver into the "Scream" franchise. Later, I took its template, studied all great horror pics and wrote ALIEN NINJA AKUMA: The Hanna Mask, now a constant replication of its content by security guards to let off alarms, LA Central Library ridiculous on that one, and the proximal consumption of food that is offensive from libido root is a deliberate attack by this predator.

From my father shaking his head at me, my stepmother too, pathological criminal pipelines, relentless proximal occupation of the homeless, drug addicts, alcoholics, ones with emotional problems to the agi of libido, the stalking, picking of fights to cause incidents to exclude from food, clothing and shelter is all interconnected to data in Abstract and an infrastructure of deliberate criminal misinformation for profit and power.
