Abstract

When I occupied Santa Anita County Park, a practitioner of Tai Chi, I noticed that the accost was post a surveillance and it was of hostile libido to put me in a state. Relentless and with all bases covered, this person on May 14, 2019 who rammed my Uber/Getaround vehicle is not out of consensus of premeditated, unprovoked attacks:

<https://gamifiablecom.files.wordpress.com/2019/10/unnamed-5.jpg>

Last night, frequenting the 7/11 in Glendale Cali about 7:30 PM, the predator shadows me into the store, adjusts and positions himself at my backside, a reference to the criminal pathologies in the park, particular during the pandemic and with his rhetorical of the gratuitousness that is a pathological criminal parade, now with Metro line 180, operators and rider in the tow, this one a combative type not stopping the bus at designated stop again last night 08/03/2021, aligning himself as a weak target to trigger a catastrophic criminal event:

<https://gamifiablecom.files.wordpress.com/2021/08/1-2.jpg>

This morning, the constant accosts, mentioning last night in Target, Glendale Cali, patron and staff of patterns alike the Uber/Getaround attack and with a parade of these dog-walkers and persons with dogs that is in the context of that Rover.com intrusion, there are Pasadena Police in loop; two went into Starbucks, just south of Old Town at Paseo Colorado - one in a pressed white shirt, another in uniform, a coordinated out of consensus context of what is and was a professional torpedo of my Uber vehicle!

Entering the Metro 180 this morning, always suspect there, I immediately noticed the infrastructure was compromised and positioned as with many other environments that I may frequent, usually a Gaslight introduction to set-up these problems that cause me exclusion from resources, so as with the combative pipeline of the pandemic, a never-ending stream of unprovoked attacks and patterns of hostile proximity, this guy sits right behind me and cracks a beer! The one at the end of the bus who dons his mask quickly:

<https://gamifiablecom.files.wordpress.com/2021/08/3-1.jpg>

As always, as I ride the bus, there is an out of consensus libido, and they will move their legs or body to cause stimuli to agitate, and of this individual here:

<https://gamifiablecom.files.wordpress.com/2021/08/2-1.jpg>

And, again, wherever I may frequent, food or otherwise, this "sit by me" out of consensus criminal pattern is present, for I sometimes sit here, yet with maids, janitors, gardeners, criminal law enforcement, this infrastructure of the criminal fields of recovery, they are a surveillance, same so as with this person here, it just isn't happening otherwise:

Abu Musab al-Zarqawi

When I was evicted from the Glendale YMCA in 2001 for "I don't need a reason," it has since become evident that the statement is an extremist one, accentuating an alliance upon God while having no regard for the safety and well-being of others, and there was a black man; he worked at the YMCA on both sides, wore dark glasses all the time, affiliated with local Glendale PD, the National Guard Armory and was post proximal at when I was brutally attacked while on Peginterferon and Ribavirin, second 48 week treatment and homeless.

Dr. Marco Gomez-Garcia MD did an MRI on me after it, as such person accosted, grabbed my book-bag on a take-down, patted me too and executed a tactic of yanking the bag the fractured my left arm at bicep through and through. I insisted it was a soft-tissue issue, so Gomez after came on-board, stipulating he'd help me hold the mtfs accountable. This is at when Steven Seagal was in hot water with prostitutes on set. Anyway, Gomez is here: 1510 S Central Ave #340, Glendale, CA 91204 [\(818\) 240-4031](tel:8182404031).

I regularly am pitted to only see these mighty fall, so yesterday and now with Adam Schiff in loop of a dereliction of duty, obstruction of justice, post the Lady Gaga doggy thing; being no stranger to the mob on Long Island, though, an upstate numbers, Brooklyn guy as groom at Belmont, Aqueduct, Saratoga NY circuit and if Manhattan surely a Chinatown next to the Little Italy bigshot with Sicilian blood born an a Sunday, it isn't that I would not of; it is I knew I'd get reamed from this con-job root or I would of done the crime, so I know these others and myself, yet you know neither?

After the side-show agitator in Glendale Central Library on 08/04/2021, radio a subtle now that goes off at night, maid a weirdo dance on that with local security in Glendale Library an indoctrination of mask as of with their hush hush pedophile, this guy is in my pipeline last night:

https://gamifiablecom.files.wordpress.com/2021/08/20210804_201947.jpg

Yes, on 09/10/2001 at Vermont Station, Los Angeles Ca, mentioning the grievous term of these attacks, LA PD responded to what is deduced as an Abu Musab al-Zarqawi offensive that failed by the disruption incurred that previous evening of 09/11, for there would have had been two terroirs attacks, subsequent autonomy still existing and development toward AGI sustaining, and yes, thank you parade was on the Metro 180 today, post an old man and his puppy, kids and old people? Here he is from another day:

https://gamifiablecom.files.wordpress.com/2021/07/20210728_095759.jpg

Wow, I did St. Theresa Martin then! That Library Security here in Glendale positions himself as a weak target on line 180 today to trigger an event at where all these thank goes are exiting the bus behind me, and surely we can expect bus drivers to stop when designated or internet at a Library of such structure in Glendale Cali, but not today when I got here as all of this is out of normalized scope.

Taliban's Combat Meth

It was the fall of 1994 at when the proximal agitator caused consternation in the Pasadena Central Library; subsequent events lead to a 5150 charge, and I wound up at Edgemont Hospital - plied with psychiatric meds, uprooted to smoking crack out of my corn-con pipe.

Loop of the Whitney Houston, Harvey Weinstein supply chains are parameter with the Eddie Van Halen at local definition of San Gabriel Valley and now evolving into the Lady Gaga incident with dog-walkers, as my interim with Mavin Acuna of Pasadena Ca with Rover.com, him an entrepreneur of the Pizza Plant start-up then, affiliated with Getaround's Sam Zaid and Jessica Scorpio, the

first time I sat behind one of those Getaround vehicles as an Uber driver, there was residual white power in small bags left in

the car's backseat, and there was indoctrination as to it might be okay with me from other riders I picked up in the Hollywood Hills.

Last night 08/05/2021, leaving Glendale Cali on the Metro 180, erratic with breaks of operator is of occupation to bake in hostility, particular with the leaving context, and this morning 08/06/2021, the bizarre patterns of gratuitous upon exit by criminal metrics evident again and followed by operator's support with breaking to bake in indoctrination stimuli.

Regarding Bob Baffert, the infrastructure of these recovery homes, social services, doctors are context of Jancye Langlot mother of Veradale Washington, and this person accosts the area at 7AM this morning:

<https://gamifiablecom.files.wordpress.com/2021/08/1-3.jpg>

And this is the person who rammed my Uber/Getaround vehicle then:

<https://gamifiablecom.files.wordpress.com/2019/10/unnamed-5.jpg>

Deduction of Bob Baffert chemistry, the killing of equine athletes comes from this loop, here an observable Taliban:

<https://gamifiablecom.files.wordpress.com/2021/08/1-3.jpg>

In a maid infrastructure, gig workers of dog walkers, this contraband's extension of capacities with an equine athlete and reference performing artists, particular with the Lady Gaga, Metallica pipeline and this racist Lemmy Kilmister, a Nazi sympathizer, data defines the utilization of that chemistry in battle. Also, mentioning Dana White and Tony Robbins are in context. On the Eddie Van Halen scope, this vehicle was proximal, reeking of second-hand smoke and trajectory of distribution:

<https://gamifiablecom.files.wordpress.com/2021/08/2-2.jpg>

On my way to Alhambra Cali on line 260, positioning of those on the fringes were evident and even an actor, an accost came of one observed in a Samuel Jackson's Masterclass? Post this positioning of me and within surveillance and metrics in Alhambra Cali interim:

Uber/Getaround Criminal Loop

Countless times I get this posture of another's backside. Arcadia Cali Police Officer, August 1991, I was driving Susan Richardson's Cadillac, copiously turning his back to me? I had picked her up at Andy Kamps pub, a frequent of the local thoroughbred race-track of Santa Anita Park. Subsequent events, I had unprotected sex with her while she was menstruating and I contracted Hep C 1A and 1B, a potentially and life-threatening genotype combination.

Union Station location in Pasadena California in 1989. unprovoked attacks and conflicts, I am not able to sustain work. In their soup line, poked in the back many times and events, consternation caused, conflict and incident, I am excluded, advised the Union Station time that I had could not return until I had a psychiatric evaluation? With this recurring theme in a Gaslighted pipeline, I have not returned nor have been able to access social services of any kind since, denied my section 8 too.

Last Friday, 08/06/2021, first thing, I am accosted in my area by this person:

<https://gamifiablecom.files.wordpress.com/2021/08/1-3.jpg>

Subsequent, through-out my trajectory that day, the accosts were hostile, bizarrely offensive and on a boarder line of a violent reactionary, and with many times in the past, fist fights, bashing into each other and the countless upheavals, this day I am dodging to an extent at where my voice is raised at a waiter in the Theater District. He had done it before, lies in wait and does the deliberate confrontation to impede mu ability to navigate. My sense of enemy is a probabilistic Shaolin root, so I am well aware with a heightened sensory acuity that iterates their schizophrenic stimuli;thereafter, with his back turned to me as he entered store, these twi=0 face me off to trigger a criminal assault:

<https://gamifiablecom.files.wordpress.com/2021/08/fri.jpg>

Saturday 08/07/2021 the woman banging things around in Alhambra Library is an explicit reference, and Sunday, the metrics attacks, disruption relatives of the Rover.com gig opportunity, criminal attacks of the Lady Gaga shooting, the perpetrators intrude on a Sunday morning with the back to you thing:

<https://gamifiablecom.files.wordpress.com/2021/08/sin.jpg>

And, when I was training Thoroughbreds, my colors were all royal blue, so with a close-up of the psychological attackers:

<https://gamifiablecom.files.wordpress.com/2021/08/sun0.jpg>

Monday, maintenance guy with his radio a constant reminder that is going off at night with its timer rolls up with a momentum not relative to navigation, cranks it in an effect to kick-start consternation, and in Glendale, the guy with a leaf-blower is in context to confront me with the "blow up."

<https://gamifiablecom.files.wordpress.com/2021/08/monbl.jpg>

Always accosted, olfactory stimuli in route today on Metro 180 and of how someone might appear relative the Real Estate industry, here is another color coded indoctrinate in Glendale this morning:

<https://gamifiablecom.files.wordpress.com/2021/08/mon.jpg>

But, this is after the lie in wait, post the leaf-blower guy, prior to that internet disrupt, busy a bit though mentioning the mobility observational and on my way, goes on all the time, this vehicle pulls in from of me:

<https://gamifiablecom.files.wordpress.com/2021/08/lic.jpg>

Getting resources of any kind is always a battle and I did want a few things in Glendale Target this morning, as the store was a conflagration of employees stalking shelves, I am quite agile, yet this Target employee, accentuating his height on direct approach, a relative of this Robbins Research of the Tony Robbins brand, I stop in my tracks and this is that back to me discussed again:

<https://gamifiablecom.files.wordpress.com/2021/08/monc.jpg>

Fatigue Stimuli And Pedophilia

The slamming on doors on me, leaving of chairs copiously out of context aligned with this fidgety proximal predator inundates resources, and disturbingly in pipeline, the Glendale Central Library in Glendale California, second-hand smoke is a grievous part of the equation, and there is a subversive rhetorical to validate interpersonal interaction from a pipeline of an immoral

turpitude that involves health-care, those social workers, psychiatric staff and or its reference that are nothing less the predators.

An experienced Transcendental Meditator for decades, cultivating relentlessly with 40hz during active hours, intervals with TM, I find the challenge of the fight or flight an evolutionary residual at where the adjacent is now an observable reference. Today the creep of a Library staff member in this pattern of looking for something or the other and of always a slight annoyance approach behind me or adjacent to leave engram?

About, 8PM, again on 08/09/2021, a heavy-set African American accosts me after I leave the Library and a staff member was in context, a woman with big hips is a priori surveillance tactic to cause defensive state at presupposed incident, yet with subliminal on head as always in a route like this and sustaining focus, I notice a bio-chemical divestment of this inference now and with its residual fatigue stimuli.

The Metro 180 from Glendale to Pasadena after, the operator was bizarre to shake up the bus and with riders touching my book bag, pacing before me to enter and to occupy adjacent as stated of this engram, I left early on Colorado Blvd at Garfield to do more walking at night: this morning, 08/10/2021, again a gardener on Lake Ave, an out of consensus hostility with a dirty look? Far from easily offended at this point in my life though noting a possible terror window, I am confronted as with many times, an impediment, this slamming of doors and with children in loop that references this Lady Gaga loop and of my history with Rover.com that was compromised then: This person, an Caucasian male left this vehicle:

Summary

Getting back to the Glendale YMCA in 2001 at where I was evicted for "I don't need a reason," served papers on Good Friday, I have spent twenty years on the street since. Brutalized repeatedly in a combative pipeline, on a no smoking floor then, the congregation outside my window at that Y to smoke was a constant agitation, and in the fatigue loop again, interim and stalking of second hand smoke aligned with patterns that involved mobility, I am accosted again leaving the Glendale Central Library in Glendale Cali last night at the doorway 08/10/2021, and there was bizarre behavior of person in Theater District of Pasadena

yesterday morning, at a doorway and copious for my awareness of him using keys to enter a building! Mind you, no new benefit excuses these criminals!

Countless times, the slamming of doors in my face, particular with Metro Bus drivers upon exiting or entering, car doors a repeated self-same stimuli to disposition psychology and state that I can trace an origin to New York City at Belmont Racetrack in Elmont New York decades ago, long before I was aware that my step-brother Brad J Beck of Greenacres Washington, my mother Janyce Langlot of Veradale Washington or even so my deceased father and or his wife Sylvia M McCready of Tukwila Washington were stalking, causing problems and destroying the quality of my life, or even lead a child into drugs, position out of consensus and repeatedly try to kill me?

Mr. Beck from my memory is a walking, talking idiot that could not work his way out of a wet paper bag, and my mother was a whorish thief that poisoned my mind against education and reprimanded me for reading! My father is a rapist coward and a liar! Let alone them switch my hands at youth, now Gaslighting with me a left-eyed and right handed cognitive remedied by probability, permutation, combination and game theory, as the Glendale Central Library is the same Library that made a complaint at me, getting me arrested for "disturbing the peace," post Glendale PD show up one day, and for me throwing an internet appointment slip at a library staff? Always orchestrated consternation for me to react! At that interim, homeless of course, the Social Security Plan For Achieving Self Support was paying for me to get my Real Estate License. Promptly passing the CA State Test, these things arose and in 2007, the LA Department of Real Estate required a discussion with me before they issued the DRE Lic?

I am one of the first out the door of that State Exam that day, actually and Asian gal beat me. I knew the rules and pleaded "nolo contendere" for that Disturbing the Peace with probation to clear my record and was aware it had no effect on my DRE Lic issue! Still on record! This was at the opposition of the public defender who wanted to take it to trial. Enough of this, and here I am after the accost leaving the Glendale Library last night, second-hand smoke an inundation and post my Transcendental Meditation, extensive 40hz gamma brain wave cultivation from that fatigue stimuli, I am rudely awaken by him:

https://gamifiablecom.files.wordpress.com/2021/08/20210810_203041.jpg

Color coded and all of particular items stolen from me homeless along with food and don't forget the defecation! There was another African American accost, appears to be an Actor that is diametric to the previous degenerate accost and the boisterous ride again by rider on the Metro 180 to Pasadena. The LA Department of Real Estate "talk to me thing." Maid has been quiet at night. Suspect there, library security pathological to insinuate masks as a mums the word thing, but not last night, he was a deliberate, hostile disruption at the bin I sleep at. Nothing new there other than the reprieve? A surveillance loop, accosted this morning, this grievous jogger thing and multiple times, both ways, and passing the Marriot off Old Town Pasadena, this employee, one of many criminally networked, lies in wait to slam a car door!

<https://gamifiablecom.files.wordpress.com/2021/08/img-1819.jpg>

He's gesturing the hush-hush and this is the car:

<https://gamifiablecom.files.wordpress.com/2021/08/img-1820.jpg>

All I need is to get rid of this stuff that isn't happening otherwise, and I will become a multi-billionaire! Will anyway at this point! Lyft wouldn't approve me to drive? Figured I would dump Uber from the unprovoked ratings attacks! What is going on here? This is the women who torpedoed my Uber/Getaround! I drove in the most challenging part of Las Angeles, navigated there. I am no slouch behind the wheel! What the fuck is this?
