Abstract

I have no words to express of how I felt that day thirty-two years ago sitting in a Welfare office seeking assistance, post denied sustenance as a child prodigy in thoroughbred horse racing, fired repeatedly from employment and of unprovoked attacks and explicit with Santa Anita Park Race track in Arcadia California. Being put on Social Security Disability in July in 1989 leaves me this record as a wage earner:

<https://gamifiablecom.files.wordpress.com/2021/07/capture.jpg>

This started at when I had met my real father; fleeing from a violent and brutal mother, Janyce Langlot now of Veradale Washington and of a recurring infrastructure of crime and proximal pathologies and networks, this career criminality is with Aggravating Factors. This originated in a statutory rape:

With Brad J. Beck, a step-brother in this loop, his father signing over five acres of land, the very land that I was raised as a kid on; being the only son of that rapist who started Thoroughbred Race Horses illegally for over forty years, Brad J. Beck has structures too in Greenacres Washington, and his narrative to me at interim, a ham sandwich offering versus providing a solution as to my homelessness, of resources to accommodate me multiple ways and without such a covenant is clear of scope, for my father owned and lived with Sylvia M. McCready at 4716 S. 144th St., Tukwila Wa. 9816. This is an August 2021 Google maps:

The dialogue of this Gaslighting backstory is rife to cause sickness, of immoral turpitude and even to indoctrinate suicide, as my acuity has been cultivated at where a proximal pathology is relentless to bake in schizophrenia, the doors slamming, left open, unwanted gestures, touching and narrative, this is what I see first thing this morning 11/01/2021:the maids, gardeners, blue-collar and reference of Ethnographic Criminal Culture:

This car is suspect, a parameter show at 7AM this morning at where I have been sleeping for the last twenty years plus with several years before that:

<https://gamifiablecom.files.wordpress.com/2021/11/three.jpg>

The Gardener adjacent then is synchronous with his leaf blower, and then a pathology of an out of consensus woman in pipeline as I head to Memoria Park in Pasadena, she pathologically attempts to cross the street with me and while holding a cup or coffee and reference Sylvia M. McCready, here a pic at an interim a few years ago and of this predatory mimic scope of these predators:

<https://gamifiablecom.files.wordpress.com/2021/09/sylvia.jpg>

There is no way that what I have gone through that anyone could have had thought of my survival a possibility, and I will divulge it is my innate, even gifted ability with physics that has sustained me and of an explanation that does at this interim bar anyone an excuse, for not putting their best foot forward, going the extra mile and providing me with the resources and resourcefulness to succeed is not going to resolve based upon what is not explained, let alone attempt to harm me, kill me, get me sick or deny contribution?

Last Friday 10/29/2021, Metro 180 Driver, again pathology with doors, he tried to involve the LA Sheriff's Dept, yet I was able to call Los Angeles FBI to execute a barrier, one of many times and of loop with many emails to the Department of Justice:

Conspiracy To Murder

When I was gigging for Uber, there was not one person that had entered that vehicle that was not a navigational compromise, and the Rover.com was in loop of the grievousness of these crimes that reference Santa Anita Park Race Track in Arcadia Cali: drugs, child Porn, human trafficking, prostitution, fraud and theft. From the last twenty plus years of being homeless, with over a 1000 contacts with Law Enforcement, the exclusions, violent attacks, proximal stimuli to trigger events and with a starting point of the Glendale YMCA, Glendale Cali and served papers on Good Friday "for I don't need a reason," I have been enduring a 24/7 battle at where my Human/Civil Rights with Hate Crimes is a norm.

Again, yesterday, 11/01/2021, my space is encroached upon, of a daily deviate with maids, security and staff at Glendale Central Library, Glendale Cali that are not actually doing what they are supposed to be doing, an observational! That is just not it! These things are not happening otherwise, and I am fully engaged to at where I had to seamlessly integrate a tech insight to divulge lest they make me their victim! With Ethnographic Career Criminality in pipelines to navigate, cause and or trigger

catastrophic events for power and profit, I, again, had to move a chair placed in an out of consensus so as to not invite the predator that could sit next to me, as protocol of the rest of the library, an exception of this positioning is usually a maid dealing drugs with security an onboard analysis, as social distancing is and was a combative violation multiple times through-out this pandemic, this person rudely sits next to me and of a relative, these maids whom had, along with security and staff with full conspiracy, a momentous motive to harass, impede and cause consternation to exclude and or deny my resourcefulness, pounding on furniture at such interval and or other objects to awake a reactionary, usually post a fatigue stimuli:

<https://gamifiablecom.files.wordpress.com/2021/11/two-1.jpg>

In an effect to continue to gather data, inundated with Game Design and of my start-up Gamifiable LLC and of a transparency at where I post a particular Design Lens, I am accosted by security and staff, of the loop of grievous unprovoked attacks, relentless of scope and of the verifiable metrics to disposition the Uber navigational, deduction of positioning of suicide and of that autonomous kill that ends to ends this not all there profile that lacks regard for self and others, a social pathological student that fails from its feces id acuity that demonstrates pedophiles:

<https://gamifiablecom.files.wordpress.com/2021/11/one.jpg>

Again, I am asked to leave another place, as from such person that sat next to me complains as to I had taken his pic, of that full conspiracy and attack and of the scope of all the previous exclusions that are most grievous with Arcadia California: Golds Gym, 24 Hour Fitness, Westfield Mall and their Central Library and all in pipelines at where I was denied my child prodigy status in Horse Racing, the circumstance of being an SSA/SSI disability since July 1989 and all the profound challenges, homeless since July 2001 and of the unprovoked attacks with over a 1000 contacts with Law Enforcement, the one here with toe up and of that NLP to cause a reaction, of a conspiracy to commit murder and of alignment of metrics that are not dimensional of array traversal on rows and columns with me an absolute:

<https://gamifiablecom.files.wordpress.com/2021/11/threeb.jpg>
<https://gamifiablecom.files.wordpress.com/2021/11/four.jpg>

Again, I can drive anything with wheels, tracks and or with competency for props and or jets, so this woman who had rammed my Uber/Getaround car on May 14, 2019 is aligned with what is supposed to be Glendale Library Administrative Staff, Security and Patrons:

<https://gamifiablecom.files.wordpress.com/2019/10/unnamed-5.jpg>

Now, excluded from Glendale Central Library, a recursion of the Ethnographic Career Criminality will capitalize off Legacy, invite latent reference and iterate a terrorism by utilizing misinformation and of those that are not fully present, this network of maids, security, gardeners, blue collar and other garden variety disloyalty to capitalize off misinformation and of its Gaslight rhetoric.

Grievous Harm With Aggravating Factors

The introduction of out of consensus is reference with Glendale Cali, scope at where I was evicted from the Glendale YMCA for "I don't need a reason," as this derogatory rhetorical to stimulate, bake in and trigger catastrophic events, the exclusions from resources ad resourcefulness is of Grievous Harms with Aggravating Factors. Being homeless since that eviction, served papers on Good Friday, excluded from dozens upon dozens of places, reduced to getting my meals out of garbage bins with 1000s of contacts with PD since July of 2001, again on November 1, 2021, with multiple accosts, contraband placed within my navigational and with proximal agitator of a Libido hostility, an adjacent predator with a pipeline into Child Porn, Prostitution, Human Trafficking, Fraud and Theft revolves around Brad J. Beck, Janyce Langlot of Greenacres, Veradale Washington and of a perceived benefit to criminally begotten of context regarding Sylvia M. McCready of Tukwila Washington, Library Staff, Security and Glendale Police and without provocation, they with full conspiracy planned and denied me access, resourcefulness and was and is in Federal Violation of Human/Civil Rights Laws and of its Grievous Harms and of that Aggravating Factors.

From stimuli to surpass, indoctrinate and while utilization of climate within the structure to stimuli and or cause schizophrenia to the profile of the personnel at 222 E Harvard St, Glendale, CA 91205, today I am confronted with a parade of this out of consensus Dog Walker, an adjacent predator and of a multitude of patterns and criminal circumstances of persons attempting to affiliate, position and advocating an indoctrination as to an association with these criminals. Here is the morning:

<https://gamifiablecom.files.wordpress.com/2021/11/one-1.jpg>
<https://gamifiablecom.files.wordpress.com/2021/11/two-2.jpg>
<https://gamifiablecom.files.wordpress.com/2021/11/three-1.jpg>

<https://gamifiablecom.files.wordpress.com/2021/11/seven.jpg>
<https://gamifiablecom.files.wordpress.com/2021/11/eight.jpg>

It is important that the legal definition of Grievous Harms with Aggravating Factors be comprehended in scope of Human/Civil Rights Violations with Hate Crimes, and all those pics are in direct proportion to the Pedophile proximity and its agitator to cause an event, for here is the person in question November 1, 2021 that is in pipeline of unprovoked attacks and of the one that caused the exclusion of me from the Glendale Central Library, Glendale Cali and loop with all Grievous Harms with Aggravating Factors:

<https://gamifiablecom.files.wordpress.com/2021/11/two-1.jpg>

Public Transportation/Libraries

To be excluded from all the places I have been, denied access to food clothing and shelter, all activities and execution to succeed sabotaged, reduced to eating out of garbage bins, homeless but with steel resolve forged by the fire of adversity and begotten with an anvil of grit, the combative attack of slamming doors on me, brazen and bizarrely criminal began with again with this driver:

<https://gamifiablecom.files.wordpress.com/2021/11/friday.jpg>

Today, reminding that my data pipeline is combative and pathological and of what is not happening otherwise, Grievous Harms and Aggravating Factors the legal definitions for accountability regarding these reports, I am battle hardened and rooted to adapt and iterate competencies, so when the bus operator is deliberate to disrupt, using climate to agitate, I am in scope to handle whatever comes, walk around the block if not dropped off, remove or add clothing yada yada yada, but this bus operator refuses to let me off at interim today too:

<https://gamifiablecom.files.wordpress.com/2021/11/capture-2.png>

https://gamifiablecom.files.wordpress.com/2021/11/252454483_266124885472218_9031287291703855056_n.jpg

I have raised my voice, expressed consternation as to this unwanted rhetorical and its criminal pathology to have conversations with me, and the predator continues and in the scope of this con-man Tony Robbins that lies convenient to emotional state to indoctrinate others against their will! This is in direct proportion to the occupational of my peripheral, as its priori combativeness, brazen and criminal and of Glendale Central Library staff and security, once myself in observation of a social worker there under the influence of a stimulant and with white powder contraband placed multiple times in my navigational pathway during reference calendar that I left lie lest this conspiracy to murder and murder continue, the events today, 11/09/2021 are aligned criminally to the exclusion of the Glendale Central Library, its staff, security and metrics of these narrative:

Summary

During the course of my life-time I had noticed the unjustness, and as my self-examination, cultivation and revelations became more evident, I was able to trace a relentless, unprovoked criminal pathology and attacks that originated in my childhood;

my father a statutory rapist, instead of taking responsibility for his actions, he illegally started thoroughbred race horses for decades and was an instigator of a culture of lies, a Gaslighting indoctrination that now cluster pedophiles and loop to my step-brother and mother: Brad J. Beck and Janyce Langlot of Greenacres, Veradale Washington respectively and aligned with my father's wife, Sylvia M. McCready of Tukwila Washington.

My dialogue with my father and his wife is limited; though, both were explicit that there would be no money at the end and did insinuate that the Real Property in question was my trajectory and responsibility, demeaning the reference by saying my cousin was self-sufficient, namely a Lori Monahan, so in July of 1989, after multiple job losses, of interim by fetching, working two at a time and getting fired, this recurring event sent me to the Union Station of Pasadena Cali, and I am in a soup line, and some predator is poking me in the back?

Off the races we go! I am excluded and am not allowed to return lest I seek a psychological evaluation first? The Department of Social Services in Pasadena Cali sent me to Desmond Choi of San Marino Cali if I remember correctly to get a psych eval because all the job losses, and he put me on disability in July of 1989, and I have not paid any significant contribution to taxes and have combated with this challenge to this very day: stalked by out of consensus this morning, horded in at the Alhambra Public Library Yesterday to trigger an incident and of proximal positioning in the bus, public tranpo this morning too.

These things have never happened otherwise, for the violent attacks, thefts, incidents and indoctrination of criminal infrastructure is networked and Grievous of Harms with Aggravating Factors. Literally stalked latency at on binary street-lights by pathology to cross the street with me and within the context of this disloyal, disengaged career criminality! Nobody like this can hold data pipeline. as I traverse dimensional arrays, this ethnographic intelligence, an observation is an AGI loop; this is observing those that do not realize they are being observed, and this will isolate, classify and define Obstruction of Justice and Dereliction of Duty.
